Scoring Guidelines

Give 1 - 10 points in each category. Maximum points per piece = 70

Did the piece meet the guidelines for each category?

10 points - significantly above the guidelines/1 point - significantly below the guidelines

1. Overall Design & Artistry

The overall design of this piece is artistic and pleasing.

2. Material Quality & Craftsmanship

The piece is designed with quality materials in mind and of sound construction with an achievable design.

3. Color Selection

The piece has a pleasing palette to the eye and the selection of colors works within the piece - complementing each other and the focal piece, if there is one.

4. Originality

The piece has a unique, creative, one-of-a-kind appeal with an interesting combination of materials and techniques.

5. Degree of Difficulty

Amount of time involved. Attention to details, techniques, neatness and finishing touches.

6. Durability & Wearability

Durability of the item (able to survive wear/usage). Ability of entry to serve intended function.

7. The story behind the design.

Originality. Creativity.
