### Did You Know?

**A**ctress and singer Zoë Kravitz was recently seen wearing a huge diamond solitaire ring, sparking rumors she and Harry Styles are engaged. The diamond appears to be between five and 10 carats, elongated cushion cut in a yellow gold bezel setting with a low profile. This vintage-inspired ring is both personal and timeless and completely embodies Zoë's understated and effortless style.

#### July Birthstone

**Ruby.** Ruby is the most valuable variety of the corundum mineral species. Throughout history, the brilliant red ruby has been a powerful talisman, symbolizing passion and strength. Today, the desire for ruby makes it an ideal romantic gift.

BRILLIANCE YOU DESERVE®

**W**hen the summer sun is shining bright, cool down with platinum jewelry designs. Renowned for its rarity and timeless appeal, platinum jewelry is known for its lustrous sheen and unmatched durability, making it a practical choice for jewelry designs. Unlike other metals, platinum retains its color and does not tarnish, ensuring that your jewelry remains as brilliant

as the day it was made. Its hypoallergenic properties make it ideal for those with sensitive skin or allergies to other types of metal.

From engagement rings, to necklaces, earrings and bracelets, platinum's versatility complements all types of jewelry. If you are seeking elegance and resilience in your jewelry wardrobe, look no further than platinum jewelry.
