## Did You Know?

A high school teacher from Texas recently discovered a 2.09 carat brown diamond thanks in part to Apple's virtual assistant, Siri. The teacher's son asked if they could go to mine for crystals. Siri suggested Crater of Diamonds State Park in Arkansas. On their second day of searching, they found the corn kernel sized diamond. It has a yellowish-brown hue and metallic luster.

### February Birthstone

**Amethyst.** For those born in February, sincerity is the personal trait usually associated with this beautiful form of precious quartz. Sparkling and transparent amethyst can range from pale lilac to deep purple.

BRILLIANCE YOU DESERVE®

Valentine's Day is the perfect occasion to express your love through the timeless gift of jewelry. Whether it's a classic diamond pendant, a pair of elegant earrings, or a personalized bracelet, gifts of jewelry symbolize enduring affection. Consider charming heart-shaped jewelry, or birthstone jewelry for a more personal touch.

For those seeking a modern twist, rose gold pieces add a contemporary flair. Remember, it's not about the extravagance, but the thought behind the gift. Whether you choose a piece that reflects your loved one's unique style or opt for a timeless design, a gift of fine jewelry will make this Valentine's Day truly unforgettable.
